

# Basic Toxicology Training E-Learning Series

These educational modules provide twelve segments of basic toxicology training by experts in the field to professionals and students worldwide. The live webinars are offered every other month in 60–75-minute segments followed by questions and answers. Registrants will have access to the webinar recording archives for thirty days from the time the archive is first accessed.

## Registration Fees: (Purchase of modules is intended for single-person use only.)

	Per Module	Set/Modules 1–6 or Modules 7–12
ACT/BTS Student/Postdoctoral Researcher Members	\$25	\$125
ACT/BTS Members	\$40	\$200
Nonmembers	\$60	\$300

## Webinar E-Learning Series Set: Modules 1–6

### Module Archives Available

#### Module 1: Basic Toxicology Principles: Part 1

Speaker: A. Wallace Hayes, PhD, DABT, FATS, FRSB, FACFE, ERT

#### Module 2: Basic Toxicology Principles: Part 2

Speaker: A. Wallace Hayes, PhD, DABT, FATS, FRSB, FACFE, ERT

#### Module 3: Pharmacology and Safety Pharmacology

Speaker: Jean-Pierre Valentin, PhD, HDR, ERT, CBiol, FRCPATH, DSP

#### Module 4: Pharmacokinetics/ADME

Speaker: Gerry Kenna, PhD, FBTS

#### Module 5: General Toxicity

Speaker: Ruth Roberts, PhD, ATS, FBTS, ERT, FSB, FRCPATH

#### Module 6: Genotoxicity

Speaker: George Johnson, PhD

## Webinar E-Learning Series Set: Modules 7–12

Archives of modules 7–12 are available approximately one week from live webinar.

All webinars begin at 11 AM (ET).

#### Module 7: Carcinogenicity Assessment

March 29, 2017

Speaker: James A. Popp, DVM, PhD, DACVP, ATS

#### Module 8: Reproductive and Development Toxicity

May 24, 2017

Speaker: Alan M. Hoberman, PhD, DABT, ATS

#### Module 9: Target Organ Tox—Liver, Kidney, Lung, Cardio, Etc.

July 26, 2017

Speaker: Mary Beth Genter, PhD, DABT, ATS

#### Module 10: Immunotoxicology

September 27, 2017

Speaker: Kenneth L. Hastings, DrPH, DABT, ATS

#### Module 11: Risk Assessment

November 29, 2017

Speaker: Alan Boobis, PhD

#### Module 12: Ecotoxicology and Environmental Toxicology

December 13, 2017

Speaker: Jane P. Staveley, MSPH
