

**Global Collaboration Coffee:
Adverse Outcome Pathways and Key Characteristics:
Complementary Approaches?**

Monday, March 20, 9:30am-11:30am
Room 103, Music City Center
62nd SOT Annual Meeting
Nashville, TN, USA

We are featuring an expert panel with diverse perspectives and excellent information to share on these relatively novel approaches in toxicology. This annual event organized by IUTOX and hosted by SOT helps IUTOX Member Societies and other international attendees put ideas into action to advance information sharing and to solve common problems with available resources.

You are invited to display materials about your upcoming meetings and activities at the IUTOX exhibit booth #646. Global Gallery posters will be on display during the SOT Annual Meeting.
